# What Needs to be Done Differently?

- Not enough time scheduled for briefing/discussion of development and/or maintenance of Standardization Documents assigned to this ISWG (i.e., Defense Standardization Program Policies & Procedures).
- Without CR submitter present, Members don't have (in some cases) enough knowledge to interpret what submitter is asking in the CR and therefore can't respond correctly to the CR.
- Members Not Knowledgeable of DSP.
- DISA/GE332 needs to be prepared to present detailed brief on the IT EA Strategy they are developing and demonstrate how the ISWG fits into that Strategy.
